Janet

Got your phone message. Let me know when would be a good time to have a call or Emily can send a meeting invite.

We have not had any direct conversations with PacifiCorp other than small talk at the hearings. However, the letter the WY gov sent us now makes a bit more sense based on what you heard from the Admin. We are currently going through all the comments including PacifiCorp's.

When we talk I can also update you on the Craig mediation.

Thanks
